

Why Choose CoolWorks® Workwear?

Savings

- Increased workforce **productivity** and **morale**
- Better **employee relations**
- **Decreased absenteeism** on hot days
- Reduced workplace **air conditioning costs**
- Decreased ergonomic and heat prostration related **lost time**
- Elimination of unsupervised **short pant related abrasion injuries**
- Protection from **UV radiation and biting insects**
- Consistent **professional appearance** of employees
- **Lower accident/insurance costs** through improved visibility
- **Reduced clothing costs**/all season applications with T-shirts, vests, coats or parkas

Safety

- Full ANSI & CSA Z96 compliance in Hi-Visibility fabrics and reflective trim
- Unlike vests, t-shirts and jackets that are frequently removed, Hi-Vis shirts are always on the wearer, ensuring consistent visibility
- **Non-fading colours & non-shrink fabrics**
- Reduced accident claims and time lost protection compared to shorts
- Increased U.V. and insect protection vs. shorts

Fit, Comfort and Convenience

- Made with **Premium Quality Fabrics** for **durability, comfort and washability**
- Vented for temperature control in summer/hot working environments
- Convertible leg covers included for winter warmth
- **No oversize surcharges**
- Custom sizes available (min. 3 pairs - \$25.00 surcharge per pair applies)
- Relaxed fit for summer comfort and all-season layering applications
- Graded to size according to waists and inseams for superior fit regardless of size. (Many suppliers simply hem blank standard waist sizes to the appropriate inseam, and this causes fit and comfort problems.)
- Cargo pockets for maximum utility and “onboard” leg cover storage

100% Canadian Company/NAFTA Materials & construction

- Quicker delivery,
- Better quality control
- Superior customer service
- Satisfaction guaranteed, or a complete refund
